

SAUNA^o

by THERMORY®

Life's better with a Thermory Sauna.

Thermory Saunas give you a unique space to indulge on your own, share with old friends, or connect with new ones. It's an experience as social as it is spiritual. And it's just steps outside your door.

Imagine what you would do in your own Thermory Sauna. Then, make it yours.

Thermally modified

Sustainable

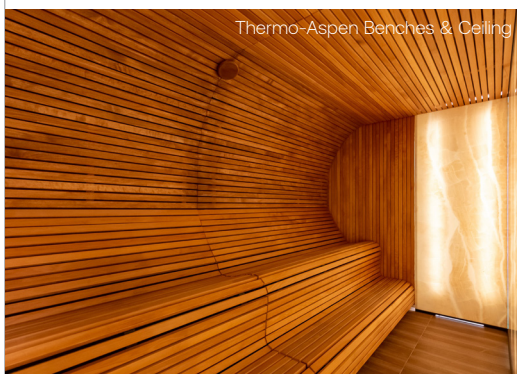

Weather resistant

Endless combinations

Take the next step.

Thermory Saunas are the only thermally modified saunas in North America.

With a variety of shapes, sizes, DIY kits, and sauna lumber, you have the freedom to create a sauna experience that's uniquely yours.

Thermally Modified

Thermal modification is a natural way to add strength and stability to your sauna materials without sacrificing the aesthetic – using only heat and steam.

Sustainably Sourced

All Thermory saunas start with 100% natural wood that's harvested and produced responsibly, guided by the highest standards for quality, sustainability, beauty and comfort.

Make It Your Own

Build a sauna that suits your personal style, down to the smallest accents. Thermory offers natural wood options that outshine cedar for a sauna you won't be able to stay out of.

With all you need for your dream sauna experience — including beautiful ready-made elements — our saunas are easy to install and crafted from sustainable materials.
